

Procedure Roll Call - General Instructions

■ The roll call will not be read from the prompter, as it was during the Romanian series. It will be done in the traditional way, from printed sheets, but with a column next to each name showing exactly how it should be pronounced. In order to avoid mispronunciations, we have decided to write down the correct phonetic form next to every name.

Time and Dynamics on Stage

- Each graduate must have **a minimum of 6 seconds alone on stage**.
 - **The name of the next graduate will NOT be called** until the previous graduate has taken at least **3 steps** after receiving the certificate.
 - Immediately after receiving the certificate, **the graduate moves their tassel to the left side of the toque**.
-

 **Certificates** - Before each specialization, the **Aniversez team** will bring **the certificates** on the table next to the desk.

 **Attention** : There may be a student in the catalog who is not attending the celebration but did not announce it.

→ One may accidentally give his or her certificate to the next classmate.

 **Attention** : Because of the heat and stickiness of the velvet cover, certificates may stick together.
→ There is a risk of a graduate receiving 2 certificates.

 **Important**:

It is essential that every graduate checks the name on the certificate they receive
